Cultivating Tomorrow's  
Talmidei Chachamim

# Priming our nation's future Gedolim!

Twelve years ago, Yeshivas Orchos Moshe was founded with the mission of educating aspiring young bachurim and molding them into talmidei chachamim and yirei Shamayim who love Hashem and His Torah.

The Yeshiva welcomes eager young bachurim who have just left the corridors of Talmud Torah. Over the course of three years, invests heart and soul into each one, elevating them spiritually, increasing and deepening their knowledge and understanding of Torah, and refining their middos until they serve as role models for their peers. Here at Yeshivas Orchos Moshe, bachurim learn with enthusiasm, discover what it means to toil in Torah and engage in pilpul and rischa d'Oraysa, and experience true dibbuk chaverim.

The boundless efforts and devotion of the Yeshiva's esteemed Rabbanim are manifested in the close relationships that they share with both our beloved talmidim and alumni who are accepted into the most prestigious Yeshivos Gedolos in Eretz Yisrael. After their weddings, as well, Orchos Moshe alumni perpetuate the journey in Torah that they commenced in Yeshiva Ketanah, joining outstanding Kollelim throughout the country where they continue soaring in limud, yiras Shamayim and avodas Hashem and distinguish themselves in both their learning talents and sterling middos.

After close to a decade of relocating from one temporary site to the next, Yeshivas Orchos Moshe has, baruch Hashem, finally settled into its brand-new spacious home in Ramat Beit Shemesh Gimel. Here, the Beis Medrash is constantly alight with a spirited kol Torah that resounds from early morning until late at night as 160 young bachurim learn with hasmadah and enthusiasm, eager to continue making great strides in Torah and yiras Shamayim.

The Yeshiva's plans include a dormitory with spacious rooms that allow the bachurim to rest during bein hasederim and recoup their strengths for another seder of energized limud. The dormitory also enables the Yeshiva to host the bachurim on Shabbosos which keeps them in the Yeshiva framework and is a vital tool for ensuring their continued aliyah.

We are currently investing great efforts to complete the Yeshiva building and dormitory, yet are still short \$1,200,000 to complete the project.
